

TABLET RUGGEAR RG935

INDUSTRY ZONE

The RG935 is RugGear's first 10.1-inch tablet designed for long-term use. With two batteries with a total capacity of 8,000 mAh, supporting the HotSwap function, this tablet ensures uninterrupted use for long hours. Its wide screen is designed to allow easy access to data while traveling. In addition, its lightweight design and rugged features make the RG935 the ideal communication tool for professional and industrial applications.

Advantages:

- 8.0" HD display
- Ready for professional communication
- HotSwap batteries
- IP68 and drop resistance
